

All About You! We believe life is too short to postpone glamour until we are richer, thinner, and smarter, or those around us no longer need our support. Too many of us postpone living our lives in favor of surviving our lives. But you deserve more than that. You deserve to wake up rested in an exotic locale, lie on a beach undisturbed and sample decadent chocolate creations from around the world.

WHY CHOOSE GLAMOUR GETAWAYS?

Glamour Getaways believes in bringing back a time when travel was glamorous even for the average individual. Glamour is not only for the rich woman but for every woman.

What do we mean by glamour? We want to make you feel like you are actually on vacation not a marathon race. We don't believe in rushing through sites, jumping on and off buses, and packing and unpacking every day. We don't believe in treating you like one of the masses or isolating you from the natives.

We do believe in showing you all of the raved about tourist sites as other tours do, but we prefer to do it in a more glamorous manner. We do believe in spa trips after hours of touring. We do believe in taking you out at night to dinner in a limo or a fancy dress concert with the locals where glamour abounds. We do believe in giving you enough free time to do your own thing and time to linger at a café.

We Believe In Living a Glamorous Life!

ABOUT WOMEN ONLY TRAVEL TOURS

A unique situation arises when men & children are removed from the equation and women are left to their own devices. Women let their guard come down, shake their hair loose and a natural feeling of relaxation ensues. A woman is allowed to focus on herself, her needs and desires as opposed to others. An environment is created in which a woman feels comfortable exploring, questioning and learning.

WOMEN TAILORED ACTIVITIES

With only women on the tour we do not have to be diplomatic and include activities that appeal to both sexes, rather we can fill our days with—spa visits, shopping trips, historical lectures, regional cooking lessons, dancing lessons, and the list goes on.

SAMPLE ACCOMODATION

Venice, Italy: Experience the life of an aristocrat in a 16th century Venetian palazzo. Relax in sumptuous rooms fit for the finest courtesan. Dine al fresco on balconies overlooking the canal while listening to the serenades of the local gondoliers.

Eastern Cape, South Africa: Discover the exotic appeal of the early colonial settlements. Doze on four poster beds in luxurious tents. In the morning take breakfast on your private terrace while watching the African sun rise up over its wild plains.

Greece: After a long day of sightseeing return to your plush spa accommodations for a relaxing massage and candlelit dinner.

DEPARTURE DATES

We have year round departures and tour lengths ranging from 7-14 days.

AT FEES YOU CAN AFFORD

As a group we are able to negotiate lower rates on hotels, tour guides and transportation than you would be able to obtain traveling on your own, which results in you having more money available to purchase a suitcase full of fantastic souvenirs.
